

Updated Traffic News

We have been consulting with Fresno City and CUSD officials to improve our traffic patterns around campus. After our latest visit from our CUSD police captain, the following changes will take effect on **Tuesday, February 21st**.

The east lot (Tulare & Fowler) will be a one-way lot. Vehicles may enter off of Fowler and exit on Tulare. There will be a right turn only sign at that exit.

The drop-off/pick-up zone will remain a one way driveway. The lane near the white curb is the pick-up lane. The lane near the red curb is not for pick up or parking.

The south side of Tulare (in front of the school) will be a pick-up/loading zone in the afternoon. Vehicles may park along the white or green curbs to pick up students. This is not a parking zone during times posted on the signs along the street.

All red curbs are Fire Lanes. Cars parked along those curbs can and will be ticketed, so please do not park in those spots.

There are "No U Turn" signs posted along Tulare going both ways. Please follow those signs to avoid a ticket.
